

Call for Posters

iMAPS New England – 39th Symposium & Expo

The Largest Regional Symposium Dedicated to
Microelectronics and Electronics Packaging

May 8, 2012

Location: Holiday Inn – Boxborough Woods Conference Center, Boxborough, Massachusetts

MISSION: POSSIBLE

Problems Self-Destruct in 5 Seconds

iMAPS New England invites students and teams from all Universities and Colleges with a focus on electronics and packaging to submit 250 word poster abstracts for on-site presentation and participation in a student poster competition. The winners will receive cash prizes along with invitations to the iMAPS International Symposium.

In addition to building significant visibility of participating institutions' research and knowledge, the competition provides an opportunity for close interaction and communication between academic institutions and industry. The poster showcase on the exhibits floor ensures that the research will be seen by key engineers, managers and executives from all segments of the microelectronics and packaging industry. Areas of interests include:

Industry	Advanced Processes & Materials
<ul style="list-style-type: none">• Biomedical Electronics• Telecom - Microwave• Military Electronics• Consumer Electronics• Renewable Energy: Fuel Cells, Solar, Wind• Thermal Management• Manufacturing, Outsourcing & Quality• Software and Firmware Applications• High Performance Interconnects and Boards• Imaging Sensors• Emerging Technologies	<ul style="list-style-type: none">• 3D and High Density Packaging• Photonic/ Optoelectronic Packaging• LED Packaging• MEMS and Nano Packaging• Underfill/ Encapsulants and Adhesives• Green Packaging / Compliance with RoHS• Flip-Chip and Bumping: Processes, Reliability• Wire Bonding and Stud Bumping• Embedded and Integrated Passives• Ceramic, Polymer and Conductive Materials• Solar/Photovoltaic

Poster Session Co-Chairs

Jun Wang - jwang8@townisp.com & Michael Anello - mikerep@mindspring.com
